Dear Don:

On behalf of a grateful church family, please accept this note of thanks for the outstanding job that you did in the remodeling project here at Colonia Hills Baptist Church. You sent us men who were craftsmen and took pride in their work. You communicated clearly so that our expectations matched your performance schedule. Beyond that, you came in under budget. Not just under budget, amazingly under budget!

Don, I want to thank you for being true to your word, faithful to this project, and a blessing to Colonial Hills Baptist Church of Indianapolis. Please know that we will be looking in your direction should the Lord bring other projects our way. In the meantime, feel free to use us as a reference and know that you are much appreciated by your friends here.

Sincerely yours,

Charles R. Phelps, Pastor
